Absolutely wonderful and stunning South Hill four square. Complete remodel is light, bright, open and tastefully done. Charm abounds and the flowing floor plan is welcoming and spacious. Amazing kitchen is a cook's dream with ample granite counters and custom cabinets true to period. Everything has been updated from the cosmetics to the utilities. You won't find a finer specimen. Flowing French doors to the private and fully fenced back yard leads you to a private patio and the oversized two car garage. Just blocks to the parks, shopping, Huckleberry's, The Rocket and easy access to downtown. Don't miss the amazing Gem!
